VIVAHA ATELIER

LUXURY WEDDING INVITATION MARKETING SITE

Business Proposal & Product Documentation

Vision, offering, audience, business model and roadmap for the Vivaha Atelier marketing site.

Document Vivaha-PROP-001

Version v1.0

Author Irham Saleha

Prepared for Vivaha Atelier project documentation

1. VISION

Wedding invitations are bought on feel. The site’s job is to make a printed product read as premium on a phone screen, and then make asking about it effortless.

2. THE OFFERING

- A browsable catalogue organised by category, with a gallery for detail photography.
- Testimonials carried through the page rather than buried in one section.
- An enquiry path reachable from anywhere, including a direct WhatsApp route.

3. WHO IT IS FOR

Couples and event planners comparing invitation studios, usually on mobile, usually late in the evening, usually across several tabs at once.

4. BUSINESS MODEL

The site does not transact. It qualifies: every visit should end either in a submitted enquiry with enough detail to quote against, or a WhatsApp conversation. Success is measured in qualified enquiries, not sessions.

5. ROADMAP

- **Shipped** — catalogue, gallery, testimonials, enquiry and newsletter capture.
- **Next** — per-product enquiry pre-fill, a saved shortlist, admin-editable catalogue data.
- **Later** — quote estimator by quantity and finish.
